

FUND OUR FUTURE

Attend a Community Forum on Funding Our Public Schools and Colleges

All students deserve a great public education.

We're proud of the public schools and colleges in our communities, but we could do even more for our students if the state provided us with adequate funding.

Fund Our Future legislation would increase funding for public education, from prekindergarten through college.

Join a community conversation about what we can do together to make sure the Legislature approves more funding for public schools and colleges.

Co-Sponsors: Chicopee Education Association, Belchertown Education Association, Granby Educators Association, Holyoke Teachers Association, Holyoke Community College Professional Association, South Hadley Education Association

5:30 – 7 PM

Chicopee High School

820 Front Street
Chicopee, MA 01020
